This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the EGM/AGM without restriction on account of first come first served basis.
 - f) The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
 - g) Pursuant to MCA Circular No. 14/2020 dated April 08, 2020 the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.

- h) In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM has been uploaded on the website of the Company at elangoindustries.com. The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited at www.bseindia.com.
- i) The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM i.e. www.evotingindia.com).
- j) The AGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated April 8, 2020 and MCA Circular No. 17/2020 dated April 13, 2020 and MCA Circular No. 20/2020 dated May 05, 2020.
- k) Pursuant to the provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended), Secretarial Standard on General Meetings (SS-2) issued by the Institute of Company Secretaries of India (“ICSI”) and Regulation 44 of Listing Regulations read with MCA Circulars and SEBI Circular, the Company is providing remote e-Voting facility to its Members in respect of the business to be transacted at the 33rd AGM and facility for those Members participating in the 33rd AGM to cast vote through e-Voting system during the 33rd AGM
- l) The Register of Members and Share Transfer Books of the Company will remain closed from 18th September, 2022 to 24th September, 2022 (both days inclusive)

THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

- (i) The voting period begins on September 21, 2022 at 10.00 am and ends on September 23, 2022 at 5.00 pm. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of September 17, 2022 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders’ resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI circular **no. SEBI/HO/CFD/CMD/CIR/P/2020/242** dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

COMPANY OVERVIEW

Elango Industries Limited initially established a steel plant to produce steel ingots in Karaikal and Pondicherry in 1994. After about 10 years in the steel industry, it was sold and the promoters commissioned a 7 Mw Gas based power plant in 2005 in Mayiladuthurai. Later, seeing good prospects and opportunities in power generation business, another 63Mw captive power plant using coal was set up in 2012. Since then, the Company has majorly been a power generation and distribution company. Elango Industries Limited has been lately providing operation and maintenance services to power plants, which constitutes its major revenue. Further, the company has also started to market and sell the power produced by the power plants of its clients, to increase its revenue. During the tough times of COVID-19 pandemic, both the financial years 2020-21 and 2021-22 took a big hit, however, the business is slowly recovering and the Company's financial position is better than the previous financial year. It is very evidently visible in the financials disclosed by the Company.

OPPORTUNITIES AND THREATS

The Company is steadily trying to increase its operations and its planning on investing in assets like spare parts which are required in due course in conducting the services of operations and maintenance of power plants of the clients. The company is trying to create more opportunities for itself in order to increase its sales and revenue. The Board of Directors have been working relentlessly to add value to the company also so that, it reflects on the share price as quoted on the BSE, where the Company's shares are listed. However, the blip caused by Covid-19 pandemic has disrupted the business as well as logistics, negatively impacting overall power industry

The pandemic has caused heavy losses to all industries across the country. Even as the leather industry was anticipating a comeback of momentum in 2022 over the previous year a second wave of COVID-19 rendered even greater damage, furthering the sense of uncertainty. Subsequently, in tandem with the gradual unlock process; revenues started improving, even as periodic lockdowns affected consumer sentiments amidst subdued demand.

Nonetheless, in later part of the year Indian economy recovered well from the pandemic induced disruptions aided by India's commendable COVID vaccination coverage, which has crossed 190 crore mark, with almost 90% of the eligible population receiving at least one dose. Further, the government has started vaccination drive for youngsters in the age group 15-18 years. These developments seem to have helped curtail the mortality impact of the more transmissible Omicron variant and gives us hope that we will be able to come out of this quicker and stronger

Furthermore, since there has not been an end to the pandemic, it is very difficult to conclude that the situation would get better sooner or later. Living by the order of the day, the Directors are trying to do the best possible for the company in given the current situation, to improve the performance, both in terms of finances and operations.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has a proper and adequate internal control system to ensure that all the assets of the Company are safeguarded and protected against any loss and that all the transactions are properly authorized and recorded. Information provided to management is reliable and timely. Company ensures adherence to all statutes. The Internal Financial Control systems are adequate considering the present state of business. The company has established Internal Financial Control framework including internal control over financial reporting operating controls and fraud framework. The framework is revised regularly by the management and tested by the internal audit team. Based on the periodical testing, the frame work is strengthened from time to time to ensure adequacy and effectiveness of Internal Financial Controls. The Report of the Statutory Auditors containing the Internal Financial Controls is given in the Statutory Auditors Report for the year ended March 31, 2022

DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

Comparing the performance of the current financial year, i.e., 2021-22 with the previous financial year, i.e., 2020-21; there has certainly been an improvement in the financials of the company in the current. There has been an increase in the net sales, which has gone upto 55 lakhs as against 25 lakhs in the previous financial year.

BOARD EVALUATION

The Board of Directors has carried out an annual evaluation of its own performance, board committees, and individual Directors pursuant to the provisions of the Act and SEBI Listing Regulations. The performance of the Board was evaluated by the Board after seeking inputs from all the Directors on the basis of criteria such as the board composition and structure, effectiveness of board processes, information and functioning, etc. The performance of the committees was evaluated by the Board after seeking inputs from the committee members on the basis of criteria such as the composition of committees, effectiveness of committee meetings, etc. The above criteria are broadly based on the Guidance Note on Board Evaluation issued by the Securities and Exchange Board of India on January 5, 2017. In a separate meeting of Independent Directors, performance of Non-Independent Directors, the Board as a whole and the Chairman of the Company was evaluated, taking into account the views of Executive Directors and Non-Executive Directors.

HUMAN RESOURCES

The Company strives to maintain a cordial relationship and healthy atmosphere with its employees at all times. Continuous commitment to upgrading skills is an integral part of the human resource development policy of the Company. The Company is an equal opportunity employer and promotes diversity in its workforce. Equal opportunities are given to optimize their potential and improve their standard of living. The Company lays great emphasis on retention of its human talents. Employees' welfare is a paramount consideration of the Company.

CAUTIONARY STATEMENT

The Management Discussion and Analysis Report contains forwarding looking statements based upon the data available with the Company, assumptions with regard to global economic conditions, the Government policies etc. The Company cannot guarantee the accuracy of assumptions and perceived performance of the Company in future. Therefore, it is cautioned that the actual results may materially differ from those expressed or implied in the report.

Independent Auditors' Report

To the Members of M/s. **Elango Industries Limited**

Report on the Audit of the Standalone Financial Statements

Qualified Opinion

We have audited the accompanying standalone Financial Statements of **Elango Industries Limited**(the Company), which comprise the Balance Sheet as at 31 March 2022, the Statement of Profit and Loss, (including the statement of other Comprehensive Income), the Statement of Cash Flow, the statement of changes in Equity for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (herein after referred to as 'Standalone Financial Statements').

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the Basis for Qualified Opinion in our report, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (IND AS) and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2022, its profits including other comprehensive Income, its cash flows and the statement of changes in equity for the year ended on that date.

Basis for Qualified Opinion

Based on information provided to us by management, the Standalone Financial Statements consists of a Rs.1,09,96,636/- under Other Non-Current Assets – Electricity Subsidy . As per explanations received; this is Electricity Subsidy receivable pending for a long period. In the absence of adequate information with regard to their present status, we are unable to ascertain the recoverability of this balance. Balance confirmation for transactions with some of the Companies who are Related Parties are to be obtained and reconciled.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion on the Standalone Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our Professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statement as a whole, and in forming our opinion thereon and we do not provide a separate opinion on these matters.

In addition to the matter described in the Basis for Qualified Opinion section we have determined the matters described below to be the key audit matters to be communicated in our report.

S. No.	Key Audit Matters	Auditor's Response
1	The revenue recognition accounting standard involves certain key judgments relating to identification of distinct Performance obligations, determination of transaction price of the identified performance obligations, the appropriateness of the basis used to measure revenue recognized over a period.	<p>Read analyzed and identified the distinct performance obligations in the Operation and Maintenance contracts. Compared these performance obligations with that identified and recorded by the company.</p> <p>Considered the terms of the contracts to determine the transaction price including any variable consideration to verify the transaction price used to compute revenue and to test the basis of estimation of the variable consideration.</p> <p>Performed analytical procedures for reasonableness of revenues disclosed by type and service offerings.</p> <p>We reviewed the collation of information and the logic of the revenue recognition from the Operation and Management services used to prepare the disclosure relating to the periods over which the Performance obligations will be satisfied.</p>

Information other than Financial Statements and Auditor's Report thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Board's Report including Annexures to the Board's Report, Business Responsibility Report, Corporate Governance Report and Shareholder's information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard. We have concluded that such material misstatement of the other information exist in respect of matters described in the basis for qualified opinion section above.

Responsibility of Management and those charged with governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance including Other Comprehensive Income, cash flows and the statement of changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Rule 7 of the Companies (Indian Accounting Standards) Rules, 2015 as amended and the relevant provisions of the Companies Act, 2013. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safe guarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone financial statements, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditors' Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and Board of Directors.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statement, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of sub section(11) of Section 143 of the Act, we give in the 'Annexure A', a statement on the matters specified in paragraphs 3 and 4 of the order, to the extent applicable.

ANNEXURE B -TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Elango Industries Limited ("the Company") as of 31 March 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that

- a. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- b. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- c. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the internal financial control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022:

Corporate Information:Elango Industries limited (“the Company”) was incorporated on 13 March 1989 in India and registered under the Companies Act, 2013. The Company is listed in the Bombay Stock Exchange of India. The Company has been carrying on Operation & Maintenance - (O&M) activities and other service activities.

1. Significant accounting policies:

The significant accounting policies applied by the Company in the preparation of its financial statements are listed below. Such accounting policies have been applied consistently to all the periods presented in these Financial Statements, unless otherwise indicated.

1.1 Statement of Compliance:

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards (referred to as “Ind AS”) notified under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) amendment Rules 2016, as amended from time to time. The Financial Statements of the Company have been prepared and presented in accordance with Ind AS.

The standalone financial statements are authorized for issue by Company’s Board of Directors on April 29th 2022.

The Financial Statements have been prepared on a historical cost or amortized cost basis, except for certain financial assets and liabilities which have been measured at fair value.

The functional and presentation currency of the Company is Indian Rupee which is the currency of the primary economic environment in which the Company operates.

1.2 Summary of Significant Accounting Policies:

a. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company's normal operating cycle is as set out in Schedule III of The Companies Act, 2013. Based on the nature of services and the time between the cash outflow and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current/non-current classification of assets and liabilities.

b. Financial Instruments

Equity Investments

The investment of Rs.2,50,000/- in the Equity shares of M/s. Kaveri Gas Power Ltd., under the same management whose shares are unquoted are valued at cost as per the equity method in accordance with the Ind AS 28 Investment in Associates. The Management is of the opinion that there is diminution in the value of these investments and therefore provision for diminution in value is made in the books of accounts for Rs.2,50,000/-

Investments in Subsidiaries and Associates are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in Subsidiaries and Associates, the difference between net disposal proceeds and the carrying amounts are recognized in the Statement of Profit and Loss.

Upon first time adoption of Ind AS, the Company has elected to measure its investments in Subsidiaries and Associates at the previous GAAP carrying amount as its deemed cost on the date of transition to Ind AS i.e., April 1st, 2016.

Carrying value for all its investments in Subsidiaries, Joint Ventures and Associates as at the date of transition to Ind AS, measured as per previous GAAP are treated as their deemed costs as at the date of transition.

c. Fair value measurement of financial instruments:

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

d. Revenue recognition:

Revenue from services is recognized in the financial statement based on the full performance and completion of services rendered relating to the Operation & maintenance services provided to Associate Companies and when it is probable that economic benefits associated with the transaction will flow to the entity.

The company has applied the principles under the IND AS 115 to account the revenues from these performance obligations. Revenue from the operations and management services are recognized as the performance obligations are satisfied. During the current year the activity of rendering service relating to operation and maintenance continued with other group company. The company recognized revenue from these operations up to the period of performance carried out only.

e. Taxes

Current income tax

Tax expense for the year comprises current and deferred tax. The tax currently payable is based on taxable profit for the year. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The Company's liability for current tax is calculated using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred income tax

Deferred tax is provided on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are generally recognised for all the taxable temporary differences.

Deferred income tax assets are recognised for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred income tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred income tax has been recognized for all timing differences during the financial year, subject to consideration of prudence.

f. Property, plant and equipment (PPE)

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Freehold land is carried at historical cost and is not depreciated. Capital work in progress and all other property, plant and equipment are stated at historical cost less accumulated depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Any trade discounts and rebates are deducted in arriving at the purchase price.

The present value of the expected cost for decommissioning of an asset after its use is included in the cost of the respective asset, if the recognition criteria for a provision are met.

An item of Property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit or loss when the asset is derecognised.

The Company identifies and determines cost of each component / part of the asset separately, if the component/ part have a cost which is significant to the total cost of the asset having useful life that is materially different from that of the remaining asset.

The residual values, useful lives and methods of depreciation of Property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

g. Depreciation on Property Plant and Equipment:

The schedule II of The Companies Act, 2013 prescribes useful lives for Property Plant and Equipment. The schedule II allows companies to use higher/lower useful lives and residual values if such useful lives and residual value can be technically supported and justification for difference is disclosed in the financial statements.

Considering the applicability of schedule II, the management has re-estimated useful lives and residual value of all its Property Plant and Equipment. Management believes that depreciation rates currently used fairly reflects its estimate of useful lives and residual value of fixed assets and in compliance of schedule II of the companies Act, 2013.

Depreciation in respect of Property Plant and Equipment acquired during the year has been provided pro-rata from the date such assets are acquired / put to use.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

The Company depreciates the Property, Plant and Equipment over their estimated useful life using the Written Down Value method.

h. Provisions, contingent assets and liabilities:

Provisions:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities:

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the financial statements.

Contingent assets:

Contingent assets are neither recognized nor disclosed in the Financial Statements.

Provisions and contingent liability are reviewed at each balance sheet.

i. Retirement and other employee benefits

As there are less number of employees on the roll of the Company, the Company has not devised any recognized contribution plan.

j. Impairment of Financial Assets:

In Accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of Impairment loss on the following financial assets and credit risk exposure.

a. Financial Assets that are debt instruments are measured at amortized cost. Ex: Loans, debt securities, deposits and bank balances.

b. Trade Receivables – The application of simplified approach does not require the Company to track changes in Credit Risk, rather it recognizes impairment loss allowance based on life time ECL's at each reporting date right from its initial recognition. Trade receivables are tested for impairment on a specific basis after considering the sanctioned credit limits, security like letter of credit, security deposit collected, etc. and expectations about future cash flows.

k. Impairment of Non Financial Assets:

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. Recoverable amount is the higher of an asset's or cash generating unit's Net Selling Price and the Value in use. Asset/cash generating unit whose carrying value exceeds their recoverable amount are written down to the recoverable amount by recognising the impairment. Indefinite life intangibles are subject to review for impairment annually or more frequently, if events or circumstances indicate that it is necessary. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or group of assets is considered as a cash generating unit.

Impairment losses, are recognised in the statement of profit and loss. The impairment loss recognized in prior year accounting period is reversed if there has been a change in the estimate of recoverable amount.

l. Earnings per share:

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity share holders by the weighted average number of equity shares outstanding during the period.

Diluted earnings per share is calculated and presented when there are potential equity shares.

When the weighted average number of equity shares changed in the current period as a result of bonus issue or share split or reverse share split, the calculation of basic and diluted earning per share is presented for all the periods presented.

m. Cash and Cash Equivalents:

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

n. Significant Accounting Judgments, Estimates and Assumptions:

The preparation of the financial statements in conformity with the accounting standards generally accepted in India requires Judgments, Estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of the financial statements, reported amount of revenue and expenses during the reporting period and the accompanying disclosures. Difference between the actual results and estimates are recognised in the period in which the results are known or materialize.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022:

2. Disclosures on Financial instruments:

This section gives an overview of the significance of financial instruments for the Group and provides additional information on balance sheet items that contain financial instruments.

The details of significant accounting policies, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognized in respect of each class of financial asset and financial liability are disclosed in the notes to the Financial Statements.

Financial assets and liabilities

The following tables present the carrying value and fair value of each category of financial assets and liabilities as at March 31, 2022 and March 31, 2021 as under:

As at March 31, 2022

PARTICULARS	AMORTISED COST	FAIR VALUE THROUGH OCI	TOTAL

FINANCIAL LIABILITIES			
Trade Payables	5,05,494	0	5,05,494
TOTAL FINANCIAL LIABILITIES	5,05,494	0	5,05,494

The management has not disclosed the fair values for financial instruments because their carrying values approximate their fair value largely due to the short-term maturities of these instruments.

3. Financial Risk Management:

The Company's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Company's exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers.

Market Risk:

Market risk is the risk of any loss in future earnings, in realisable fair values or in future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in interest rates, foreign currency exchange rates, equity price fluctuations, liquidity and other market changes.

Interest Rate Risk: Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates. The Company does not have any long term loan. No interest rate risk is perceived.

Foreign Currency Risk: Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates.

The Company does not have borrowings and overseas transactions. Therefore, no foreign currency risk is perceived.

Credit Risk:

Credit risk is the risk of financial loss to the Company if a customer or counter-party fails to meet its contractual obligations, and arises principally from the Company's receivables from customers. The maximum exposure to credit risk is equal to the carrying value of the financial assets.

Credit risk with respect to trade receivables is limited, since the Company's receivables and major portion of the Other current assets are due from related parties.

Liquidity Risk:

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

The Company's principal source of liquidity is cash and cash equivalents and the cash flow that is generated from operations. Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. Accordingly, no liquidity risk is perceived.

4. Earnings per Share:
